The Olympic Winter Institute of Australia (OWIA) aims to develop and prepare elite Australian athletes for participation in Olympic Winter Games, World Championship and World Cup events in Olympic winter program sports.

The OWIA operates high performance programs on behalf of National Federations in selected Olympic Winter Games program sports, and works cooperatively with the Australian Institute of Sport (AIS) and program partners, New South Wales Institute of Sport (NSWIS) and the Victorian Institute of Sport (VIS).

The OWIA identity represents a strong tie to the Olympic family in Australia. The Australian Olympic Committee (AOC) provides funding, corporate support and governance guidance in collaboration with the Australian Federal Government via the Australian Sports Commission (ASC) and the AIS.

The clear objective of the OWIA is focusing resources on the areas where the best results and medals can be achieved at the Olympic Winter Games in 2018.

Vision
To facilitate the continued development of high performance Olympic winter sport within Australia and enable athletes to achieve podium performances at international benchmark events, prioritising the Olympic Winter Games.

Mission
To develop and prepare elite Australian athletes for participation in Olympic Winter Games, World Championship and World Cup events in Olympic winter program sports.

To assist with the development and funding of high performance coaches with expertise in the Olympic winter program sports.

To assist the AOC in the attainment of its objectives through encouragement of elite performance by Australian athletes in winter sports.

Values
Integrity | Excellence | Innovation | Safety
SNAPSHOT

State Institute Partners are:
- New South Wales Institute of Sport (NSWIS)
- Victorian Institute of Sport (VIS)

National Federation (NF) partners:
- Ski and Snowboard Australia (SSA)
- Ice Skating Australia (ISA)
- Australian Ice Racing Australia (AIR)

Number of OWIA contracted athletes: 30
Total number of medals achieved in the 2015-16 season: 13

Key OWIA athlete training activities took place at the following locations:
- Australian Institute of Sport (AIS)
- New South Wales Institute of Sport (NSWIS)
- Victorian Institute of Sport (VIS)
- Mt Buller, Victoria
- Mt Hotham, Victoria
- Perisher, New South Wales
- Thredbo, New South Wales
- Snowbasin Ski Resort, Utah, USA
- Powder Mountain, Utah, USA
- Ski and Snowboard Australia Water Jump Park, Lilydale, Victoria
- O’Brien Group Arena (formerly Icehouse), Docklands, Victoria
- Jindabyne Sport and Recreation Centre, New South Wales
- Utah Olympic Park Water Jump, Park City, Utah, USA

Number of visiting athletes from underpinning programs that trained formally in OWIA programs: 21

Total number of athletes that won medals during the season: 9

Athletes represented Australia at the first Olympic Test Events in PyeongChang, South Korea during February 2016: 9

The 2015-16 season saw our Australian winter athletes continue to build towards PyeongChang 2018 during the second year of the Olympic quadrennial. A promising thirteen World Cup medals were achieved, along with three X-Games medals, numerous top ten placings and a number of emerging athletes recording first time World Cup victories. A most encouraging season two years out from the Olympic Winter Games.

This success would not be possible without the strong partnerships we enjoy with the Australian Olympic Committee (AOC), Australian Sports Commission (ASC), Australian Institute of Sport (AIS), New South Wales Institute of Sport (NSWIS), Victorian Institute of Sport (VIS), and our winter sport National Federations, our major partner Ski and Snowboard Australia (SSA) together with Ice Skating Australia (ISA), and Australian Ice Racing Inc. (AIR).

Laura Peel and Scott James remain the reigning World Champions in aerial skiing and snowboard halfpipe respectively. Pleasingly, all three Sochi Olympic medallists, Lydia Lassila, David Morris and Torah Bright, are now active in training and competition for yet another Olympic campaign.

The highlight of the season took place with a double-win at the Snowboard Cross World Cup Final in Baqueira Beret, Spain during March 2016. Within minutes of each other, both Belle Brockhoff and teammate, Alex “Chumpy” Pullin, stood atop the podium to claim victory in both the men’s and women’s, for the first time in Australian history.

Earlier in the season, the OWIA/NSWIS Snowboard Cross Program achieved yet another Australian record, with two athletes on the podium at the 2016 Aspen Winter X-Games; Jarryd Hughes claiming the gold medal and Alex Pullin the silver. At the same event in the snowboard halfpipe, World Champion Scotty James won bronze.

Consistently strong performances throughout the season saw three Olympic Winter Institute of Australia (OWIA) contracted athletes in the top three of the world rankings, Danielle Scott (aerial skiing), Matthew Graham (mogul skiing) and Belle Brockhoff (snowboard cross).

We are extremely pleased to announce at long last the development of an International Water Jump Ramp, to take place at Lennox Head, NSW. We are extremely grateful to the NSW Government, ASC and AOC for their support of this much needed infrastructure and their efforts towards making the project a reality. In partnership with NSW Sport & Recreation at the Lake Ainsworth Sport and Recreation Centre, the facility will provide winter sports athletes at all levels of the pathway, from the grassroots to our leading elite athletes, with year-round access to world class training for the safe development and progression of essential acrobatic skills, which can then be transferred onto snow for training and competition.

In addition to the water jump, the OWIA remains committed to the construction of a world class
halfpipe project and we eagerly await the conclusion of the NSW planning approval process. With the successful procurement of these facilities to further enhance the access we currently have to the exceptional training facilities of Toppa’s Dream at Perisher, NSWIS Acrobatic Training Centre of Excellence at Thredbo, the aerials jump site at Mt Buller and annual build of a cross course at Perisher and Mt Hotham, the future of winter sports looks bright as we look towards Beijing 2022 and beyond. Thank you to all of the Australian ski resorts who provide training facilities for our programs – Mt Buller, Mt Hotham, Perisher and Thredbo. The willingness of the resorts to cater to our athletes’ specific needs has been most appreciated by the OWIA.

The Icehouse in Docklands has been renamed to the O’Brien Group Arena and remains an exceptional headquarters for the OWIA’s administration office. The facility continues to host outstanding winter sporting events, including the annual Figure Skating Gala Night, showcasing Australia’s leading talent headlined by OWIA skaters Kailani Craine and Brendan Kerry. The 2016 ISA Figure Skating National Championships are also scheduled to take place at the facility later this year.

The success of our athletes and programs during the past year could not have been achieved without the ongoing vital and valuable support of our partners, sponsors and suppliers.

I would like to personally thank John Coates AC and members of the AOC for their ongoing guidance and financial support. We look forward to assisting the AOC wherever possible through the preparation of Australia’s best athletes seeking to qualify and contest the 2018 Olympic Winter Games in PyeongChang. The first Olympic test events have already been staged in PyeongChang, South Korea and the progress made by the Organising Committee to date appears to be on track.

The ASC through the AIS makes an important contribution to winter sports’ continued success as the principle funding partner for the operation of sport programs, research, infrastructure projects and through the provision of world class knowledge resources and athlete support services.

The state institutes continue to play a crucial role, providing essential athlete performance support services and operating underpinning programs. The close partnership with NSWIS has seen the effective operation of multi-medal winning programs in snowboard cross, park and pipe, and mogul skiing and we are most grateful to NSWIS for their commitment to the NSWIS winter sports program.

The VIS is also a long term partner and home of the multi Olympic gold medal and World Championship winning aerial skiing program. The efficiency, cooperation and excellent day to day partnership operation with the VIS is very much appreciated by the OWIA.

OWIA athletes and staff are proud to wear Karbon clothing, the official race and outerwear supplier of the Institute, and use XTM gloves and accessories. All of the garments and product supplies are of excellent quality and both Karbon and XTM work closely with the athletes and coaches in product research and development.

I thank Geoff Lipshut and the administration, coaching and service staff for their excellent efforts during the 2015 – 2016 season and implore them to keep up the good work as we head towards PyeongChang 2018.

Finally and most importantly, I would like to thank the athletes for their dedication and hard work. I wish them the best of luck for the upcoming season.

SPORT MEDICINE & ATHLETE SUPPORT SERVICES WORKING GROUP

Dr Peter Braun  
Chief Medical Officer

Ashley Merkur  
Medical Services & Rehabilitation Manager

The OWIA Sport Medicine & Athlete Support Services Working Group (SMASS WG) has continued in its role of delivering best practice sports medicine services to support OWIA contracted athletes. Led by Dr Peter Braun, OWIA Chief Medical Officer, the SMASS WG meets weekly via teleconference to discuss specific needs on a case-by-case basis, facilitating quality athlete welfare. Direct servicing of the athletes is delivered by internal staff supported by a network of external practitioners.

Key areas of focus for the SMASS WG include:

Athlete Injury Management and Rehabilitation

Ashley Merkur is the Medical Services & Rehabilitation Manager working closely with the CMO. Thomas Hammond, Sport Psychologist, joined the team in October 2015 and Alison Miles, Sports Dietitian, commenced in April 2016. Tom and Alison have been outstanding additions, building rapport and good working relationships where possible.

The staff work to provide an individualised service to each OWIA athlete. A number of significantly injured athletes experienced a successful return to sport in season 2015-16, including several with podium results.

Sports Medicine Network

The re-structure of the Sports Medicine Network has been effective in creating a harmonious physiotherapy group, with a transparent remuneration schedule.

Aside from coverage assignments, professional development opportunities have been a key feature of the network with state-based PD evenings on offer in NSW and VIC, as well as an Annual Skills Update Weekend held in Noosa during October 2015. Each PD event is aimed at facilitating practical skills in the winter sports environment, and is coordinated by Peter Caine.

A review of Sports Medicine Network contract and other documentation has been undertaken in collaboration with the administrative staff.

Sports Medicine Coverage

Sixteen physiotherapy network members undertook assignments over the duration of the 2015-16 international season, with 438 physiotherapy coverage days by travelling physiotherapists between October-March. Preparation for assignments, including support whilst away, was delivered to physios by the SMASS WG. Coverage to OWIA contracted athletes included short track, long track, aerial skiing, mogul skiing and snowboard cross over the season and pro-athletes at their BMEs. Event coverage opportunities expanded this year to include select events for the Paralympic winter disciplines of snowboard cross and alpine skiing, under an agreement with SSA.

The SMASS WG participated in the interview selection panel with Wendy Braybon (Physiotherapist on the AOC Medical Commission) for the sole physiotherapist attending WYOG in Lillehammer. The successful applicant was Scott MacDonald, a member of the OWIA Physiotherapy Network.

Dr Greg Harris, a Sports & Exercise Physician, travelled to the OWG test events in Korea in February to gain experience and
familiarity with the sports. These test events were an opportunity for Dr Harris, Ashley Merkur and Thomas Hammond to gain familiarity with Olympic venues, medical facilities and logistics which will be invaluable in preparing for the 2018 OWG.

An agreement between OWIA and the US Ski and Snowboard Association (USSA) allowed reciprocal medical resource sharing between the two countries. This was utilised effectively by both countries, with USSA calling upon the OWIA to assist a junior athlete who suffered a severe head injury during the Australian domestic season, and the OWIA utilising the arrangement at aerial skiing World Cups held in Beijing during December 2015.

Induction

Musculoskeletal and psychology reviews were held with each OWIA contracted athlete in attendance at the Induction week from April 26-29 by Ashley Merkur, Thomas Hammond and Barbara Meyer. John Marsden and Alison Miles also met with select athletes.

Individual meetings with SSA-Para athletes took place at the AIS on April 19 and also in Melbourne on April 27 to establish baselines and conduct screenings.

A presentation was made by the SMASS WG during the Winter Sport High Performance Induction Day on April 28 on the topics of Concussion and Athlete Load Monitoring. Statistics relating to winter sport athletes and the incidence of concussions in the past year as well as demonstration and interpretation of load monitoring data accrued using the Athlete Management System (AMS). The information was well received by the athletes and staff.

Athlete Management System (AMS)

Usage of the AMS software program continues to expand beyond a database for injury and illness records. With strong evidence presented at the Induction, it is hoped that coaches and athletes understand the benefits and utilise this resource more effectively in the lead up to the 2018 OWG. Through regular daily monitoring of athlete wellbeing and loads, early feedback to athletes and coaches in order to avoid peaks and troughs (keeping them from over- or under-training), will reduce the risk of injury and we expect this will carry over to improved performances.

Medical Policies

The following policies were completed this year:

- Concussion Policy
- Injections Policy
- Anti-Doping Education Policy

These policies now sit alongside those completed last year:

- Supplements Policy

Research Update

Nine athletes were selected to participate in the project entitled “The influence of hamstring function on ACL loading in male and female athletes” via the 2014-15 AIS High Performance Sport Research Fund Application. Only three athletes took part in the data collection prior to departure for the international season, with a report on hamstring properties of these athletes provided by the research group.
AERIAL SKIING

BME: 2016 Deer Valley World Cup, Deer Valley USA

Danielle Scott 2nd place | Renee McElduff 15th place | Samantha Wells 22nd place | David Morris 24th place

Laura Peel did not compete due to injury

2015-16 Season Overview

Danielle Scott was the best performed athlete in the OWIA/VIS Aerial Skiing Program, finishing the season second in the world, the highest ranking of any Australian female winter sports athlete competing this season. Danielle had a number of podium performances, highlighted by a silver medal under lights in Deer Valley, UT, USA.

Following a break from competition during the previous season, Olympic silver medallist David Morris made a successful return, finishing on the podium in the first two World Cup events of the season in Beijing, China.

Samantha Wells recorded the first podium of her career, taking silver on the first day of World Cup competition in Deer Valley, UT, USA, after landing a new jump, full-double full, for the first time in an event.

Olympic Gold and Bronze medallist Lydia Lassila returned to water ramp training in June with a plan to embark on her fifth Olympic Winter Campaign.

2015-16 Season Overview

Australia’s leading alpine skier, Greta Small, made a successful return from ACL knee surgery, which occurred at the end of the 2015 international season.

Greta worked intensively at the AIS under the guidance of expert service personnel in Canberra to successfully rehabilitate the injury. Greta spent the months of December and January returning to skiing and refining fundamental ski racing skills. During late January, Greta commenced gate training and in late February, participated in her first FIS race.

Greta undertook a six-week strength and conditioning block at the AIS from May to June. Her return to sport continues to be overseen by Dr Peter Braun, and Ashley Merkur, along with significant involvement from the AIS support service team.

With the injury now behind her, Greta is looking forward to resuming training and competing at the highest level.
FIGURE SKATING

Both OWIA contracted figure skating athletes, Brendan Kerry and Kailani Craine, competed at the 2016 World Figure Skating Championships, held in Boston, MA, USA. In a confidence-building performance, Brendan delivered a personal best score of 71.04 in the Short Program. Brendan easily qualified to the top 24 and the Free Program after placing 17th in the Short, with a quad toe, triple/triple jump combo and effortless triple axel. Brendan finished the event maintaining his 17th place overall. Kailani made her debut at the World Championships and achieved a 27th place finish.

Kailani was Australia’s best performer at the 2016 Four Continents Championships in Taipei, with a personal best Free Program score of 108.80. She finished the event in 13th place. Brendan was the highest placed Australian male in 19th place.

Both Kailani and Brendan were crowned Senior Ladies and Men’s Champions respectively at the 2015 Australian Figure Skating Championships, held at the Penrith Ice Palace in NSW. Kailani performed an almost flawless Free Program defending her senior ladies crown. For Brendan, it was his fourth consecutive National title.

LONG TRACK SPEED SKATING

Daniel Greig

BME: 2016 World Sprint Championships, Seoul KOR
500m #1 22nd place | 1000m #1 17th place | 500m #2 25th place | 1000m #2 19th place | Overall 21st place

2015-16 Season Overview

Daniel Greig’s season was again impacted by injury. Despite working hard on his rehabilitation, Daniel ultimately missed significant volumes of training, which made performance in competition difficult.

Competing in the World Cup B Division, Daniel posted four top 12 performances, as he returned to competition.

Daniel finished in 21st place in the overall classification at the World Sprint Championships, with his best performances being 17th and 19th in the 1000m distance.

BME: 2016 Deer Valley World Cup, Deer Valley USA
Matthew Graham 1st place | Britteny Cox 8th place | Nicole Parks 26th place | Brodie Summers 26th place

2015-16 Season Overview

Matthew Graham had an outstanding season, taking home three World Cup medals, including the first gold medal of his career in Deer Valley, UT, USA. The win makes Matthew only the second Australian mogul skier to stand on the top tier of the podium at World Cup level. Adding extra significance to the victory was the fact that the Deer Valley event doubled as the designated Benchmark Event for mogul skiing this season.

Matthew finished the season ranked second in the world, as the highest ranking of any Australian winter sports athlete during the 2015-16 season. He was recognised for his achievements, crowned Athlete of the Year at the 2016 Australian Ski and Snowboard Awards in April.

Britteny Cox had another strong season, qualifying for finals at every World Cup event. At the Deer Valley World Cup, Britteny narrowly missed out on qualifying for the top six medal final, finishing in eighth place.

Nicole Parks successfully returned to the season from her ACL reconstruction in time for the BME. Brodie Summers continued to rehabilitate his back injury whilst returning to training and competing during the 2015-16 season. Significant gains were made in his rehabilitation during the March-April period.

UNDERPINNING PROGRAM
NSWIS operates the underpinning activities of this shared program in conjunction with SSA. All underpinning program activities are closely aligned with OWIA training activities, sharing facilities, a common technical direction and synchronising training sessions whenever possible.
2015-16 Season Overview

The OWIA Pro athletes operate independent programs with additional OWIA support provided at the key BME events.

Kent Callister finished the Sapporo World Cup as the best performed of the Australian contingency, placing sixth with Nathan Johnstone in tenth. Holly Crawford made it three top ten performances for Australia, finishing in eighth.

The standout performance of the season came from Scott James, who landed on the podium for the first time at the X-Games in Aspen, USA, taking home the bronze medal.

Dual Olympic medallist Torah Bright only competed once in 2015-2016, finishing second at the Laax Open in Switzerland. An unfortunate concussion in training at the X-Games forced Torah to sit out the remaining events of the season.

Slopestyle skier Russ Henshaw was set for a big season after narrowly missing the podium in fourth place at the US Grand Prix Event/World Cup in Mammoth Mountain, USA but suffered a season ending shoulder injury shortly after.

SHORT TRACK SPEED SKATING

BME: 2016 Short Track Speed Skating World Championships, Seoul KOR

Andy Jung 21st (500m), 28th (1000m), 36th (1500m)
Pierre Boda 38th (500m), 24th (1000m), 39th (1500m)
Deanna Lockett 25th (500m), 25th (1000m), 15th (1500m)

Andy Jung did not qualify to compete
Pierre Boda did not compete due to injury
Deanna Lockett unfortunately sustained a season ending injury.

2015-16 Season Overview

Deanna Lockett, Pierre Boda and Andy Jung represented Australia at the 2016 Short Track Speed Skating World Championships held in Korea. Deanna was the best performed, recording a 15th placing in the 1500m race. Andy and Pierre finished 20th and 24th respectively in the 1000m distance.

Pierre achieved a personal best World Cup performance in Shanghai, China, finishing in seventh place in the 1000m distance. Alex and Andy both broke into the top 20 at World Cup during the season.

In the women’s World Cup, Deanna had a frustrating year with illness forcing her to miss the first four World Cup events of the season. Deanna returned just in time for the final two World Cups and World Championships, with her best result being two 12th place finishes in the 1500m events in Dresden, Germany.

Olympian Lachlan Hay returned to training and made a valuable boost to team morale in training but unfortunately sustained a season ending injury. Lachlan continues to be involved in the sport and has taken up a coaching role with the development team.

The most consistent Australian ski cross performer during the 2015-2016 season was Samantha Kennedy-Sim. Samantha made a strong start to the season, placing sixth in the opening World Cup in Montafon, Austria, with another three top eight semi-final results also recorded.

Samantha was on track for a personal best end of season world ranking before an unfortunate accident during the World Cup in Watles, Italy, forced her to miss the next three events.

Anton Grimus timed his best performance of the 2015-2016 season perfectly, finishing in ninth place at the Olympic Test Event in PyeongChang, Korea. The result on the 2018 Olympic track, combined with a number of encouraging qualification results, will no doubt give Grimus confidence for the future.

The OWIA Ski Cross team partners with the Austrian Ski Cross team for official training, with a collaborative arrangement in place.

SNOWBOARD CROSS

BME: 2016 End of Season World Cup Standings

Belle Brockhoff 3rd place | Alex Pullin 5th place | Jarryd Hughes 29th place (inj.) | Cameron Bolton 37th place (inj.)

2015-16 Season Overview

Belle Brockhoff had a breakthrough season, finishing the year ranked third in the world, with Alex “Chumpy” Pullin closely behind in fifth.

Belle made history becoming the first Australian female to win a snowboard cross World Cup at the final event of the season in Baqueira Beret, Spain. Adding further to the significance of the win, was that teammate Chumpy Pullin also recorded a victory in the men’s event, marking the first time Australia has won both the ladies and mens events at a World Cup.

Jarryd Hughes spearheaded another historic first for Australia at the X-Games in Aspen, USA, leading a one-two finish with Chumpy closely behind in second place.

Cameron Bolton came agonisingly close to securing the first World Cup podium of his career in Montafon, Austria, placing fourth at the opening event of the season.
Message from the Australian Olympic Committee

With the Olympic Games in Rio now behind us, our focus shifts towards the PyeongChang 2018 Olympic Winter Games, less than two years away.

As always, the Australian Olympic Committee (AOC) is utmost in support of the winter sports, with 2018 Australian Olympic Team preparation continuing to be at the core of our operations.

The Winter Youth Olympic Games were held in Lillehammer, Norway during February 2016 and Australia was proudly represented by a small delegation of 17 athletes under Chef de Mission Ian Chesterman.

Australia’s outstanding performances were highlighted by five Youth Olympic Games medals, showing strong promise for the future generation of athletes competing in our winter sports.

We applaud the medallists and all the Team members for their conduct and results in Lillehammer. Our further compliments must go to Ian for both leading the Lillehammer 2016 Team and his appointment as Chef de Mission of the 2018 Australian Olympic Winter Team for PyeongChang, South Korea, for the sixth time.

The AOC was also delighted to receive the good news in the recent announcement of the International Water Jump Ramp (IWJR) facility to be constructed at Lennox Head, NSW, and we congratulate the OWIA, in conjunction with the NSW Government and NSW Institute of Sport (NSWIS) for attaining this long-awaited and most critical infrastructure. No doubt in future years we will see the fruits of this important facility. I thank the Chair of the Olympic Winter Institute of Australia, Geoffrey Henke, for his persistence and planning for the ongoing and future success of the winter sports in Australia.

We remain committed to supporting Australian athletes who inspire the nation through sport.

On behalf of the Australian Olympic Committee, we wish all of our Australian winter sport athletes every success as they continue to build towards their 2018 Olympic campaign.

JOHN COATES AC
President
Australian Olympic Committee
Message from the Australian Sports Commission

The Australian Sports Commission (ASC) congratulates our National Sporting Organisations (NSOs) on their achievements this year. In particular, we congratulate all of our athletes who represented Australia in the Rio Olympic and Paralympic Games. You did so with great distinction. The country is proud of your commitment and dedication, and the manner in which you conducted yourself throughout the campaigns.

In the aftermath of the Games, the Board of the ASC has re-committed to the core principles of Australia’s Winning Edge, the ASC’s ten year plan for high performance sport introduced in 2012. The four key principles are: high aspirations for achievement; evidence-based funding decisions; sports owning their own high performance programs; and a strong emphasis on improved leadership and governance.

We are confident these principles serve the long term interests of the sporting sector.

We will also use the experience of the last four years to seek to improve implementation of Winning Edge in ways that will benefit the sector.

The ASC is equally committed to increasing community participation in sport, particularly amongst our children and youth. We have been pleased this year to see our flagship participation program Sporting Schools reach over 4,300 schools in partnership with NSOs.

Innovations by the ASC this year included the release of our Integrity Guidelines for Directors and Leaders of Sporting Organisations, which provides directors with comprehensive and practical guidance for the first time on anti-doping, sport science and medicine, illicit drugs, match-fixing, child protection and member protection – vital issues for maintaining trust and respect in the sporting sector.

We also staged our inaugural Athlete and Coaches Forum, giving Australia’s elite athletes and coaches the opportunity to share their experiences and enhance their leadership capabilities.

And we were delighted to see fruits of our efforts to improve female opportunity in sports, with improved elite and participation opportunities in women’s sport, better media exposure, some outstanding new commercial deals, and an increase in female representation at NSO board level from 27 per cent to 39 per cent across the top 23 NSOs.

Looking ahead, ASC priorities include:

- further institutional and governance reform in sport, with an emphasis on increased national integration and alignment
- increased funding for sport, including new non-government sources of funding
- further embedding sport in schools’ educational programs
- improved national coordination of sports infrastructure spending, and
- improved use of data and technology in sports

Reforms like this are often hard to achieve but have profound long term benefits. The evermore competitive environment in world sport on display in Rio highlights the critical importance of further reform if Australia is to maintain its proud reputation and traditions as a sporting nation.

The ASC thanks all of our sector partners for your efforts and contribution to Australian sport. We look forward to continued success and progress together.

John Wylie AM
Chair
In addition, the OWIA have entered into an MOU with SSA to provide access to the OWIA Chief Medical Officer, Medical Services Management and OWIA Winter Sport physiotherapy network services and Personal Excellence activities for the SSA Para Winter Sports Program.

During 2015-16 the OWIA received a combined $331,000 in ASC high performance grants and targeted funds.

**Australian Sports Commission Infrastructure Development Support**

A Sport Investment Agreement outlines the funding for two separate projects to be completed and managed in the coming years:

- The construction of a world class Snowboard Halfpipe Facility built to Federation Internationale de Ski (FIS) specification at the Perisher Resort.
- The construction of a world class National Water Jump Training Facility at Lennox Head in NSW in partnership with the NSW Government, AOC and OWIA.

$3.5 million for the National Water Jump Training Facility and $1 million for the Snowboard Halfpipe Facility were previously received and are held in short term accounts pending approvals and construction commencing.

**Australian Institute of Sport**

In addition to the funds received from the ASC, the AIS provides professional sport service staff allocated to OWIA Sport Programs to work directly with AWE athletes. The AIS provides FTE support in the areas of Nutrition, Sport Science, Psychology and Strength and Conditioning.

The Psychology and Strength and Conditioning positions are a shared winter sport investment with NSWIS and VIS respectively.

The AIS continues to assist the OWIA by providing and further developing a framework for monitoring athlete training loads via a bespoke best practice cloud based athlete management system AMS.

**Personal Excellence**

Personal Excellence is an AIS initiative designed to assist athletes to make informed decisions that impact performance in sport and life.

During 2015-16 the OWIA received $65,000 towards Personal Excellence initiatives and projects for winter sport athletes.
INSTITUTE PROGRAM PARTNERS

Winter sport in Australia is delivered through a single ‘Australian winter sport system’. Leadership in high performance direction is supplied by the OWIA, with program delivery executed collectively by NSWIS, VIS, SSA, AIS and OWIA.

New South Wales Institute of Sport (NSWIS)

The OWIA and NSWIS enjoy excellent alignment with a shared vision, investment, services and staffing between NSWIS, OWIA, SSA and AIS.

In addition to selected individual scholarships, NSWIS is the exclusive national program partner of the following sport programs. An effective shared approach for the leadership and management for all NSWIS Sport Program areas, in conjunction with OWIA and SSA, is provided through a Joint Management Committee (JMC) process:

- Snowboard Cross
- Mogul Skiing
- Ski Cross
- Park & Pipe

NSWIS athletes have access to outstanding training facilities at Perisher, Thredbo, Jindabyne, Homebush and Narrabeen.

Victorian Institute of Sport (VIS)

The VIS is the exclusive national program partner of the aerial skiing program, and also offers individual scholarships to select winter sport athletes. An effective and shared approach for the leadership and management of the VIS aerial skiing program, in conjunction with OWIA and SSA, is provided through a Program Management Meeting (PMM) process:

VIS athletes enjoy access to sport specific training facilities at Wandin, Mt Buller, and overseas at Snowbasin, Powder Mountain and Ogden Utah.

The VIS provides a world class daily training environment in Melbourne at the excellent VIS facility in Albert Park, not only for the aerial skiing program athletes, but also through strength & conditioning access to all Melbourne-based AWE winter sport athletes.
COMMERCIAL PARTNERS

KARBON

KARBON supplies outerwear, training apparel and custom made technical race wear to the OWIA athletes, programs and teams. KARBON is committed to providing the very best competition apparel and technical clothing ideally suited to the extreme conditions faced by winter sports athletes. KARBON consults with athletes and coaches each year for input into product development and improvement.

Mt Buller - Buller Ski Lifts

Mt Buller is the home resort of the aerial skiing program and the Australian Team “The Flying Kangaroos,” and has been a valuable national supporter of Australian winter sports athletes since day one of the first Institute program in 1994.

Buller Ski Lifts is a generous long term sponsor of the OWIA, providing financial support and additional assistance with both program operations and fundraising activities. During the domestic season Mt Buller provided world class training facilities to the aerial skiing team.

Elta MD

EltaMD® is proud to have become a sponsor of “The Flying Kangaroos” in 2015. This relationship provides EltaMD the opportunity to continue to spread the word about the importance of skin protection, while at the same time providing financial support and a variety of high end Physician-only distributed protective products to each of the members of the aerial skiing program.

SUPPLIERS

XTM

XTM provides a range of accessories to OWIA teams, including gloves and socks. Athletes and coaches work with XTM to develop custom-made gloves. XTM products are continually evolving and making use of new technology and athlete based research.

Ogden Regional Medical Center

The Ogden Regional Medical Center provides OWIA athletes with vehicles in Utah as well as the best possible injury management, medical care, specialist and imaging services whilst in North America.
RESORTS - DOMESTIC

Perisher

Perisher is the official resort and training base partner of the mogul skiing, ski cross and snowboard programs. The OWIA snow sport programs benefit significantly from the support made available by Perisher during domestic training activities. In particular, “Toppa’s Dream” mogul course continues to provide world class training opportunities for the mogul skiing program athletes and international teams during the ski season.

Mt Buller

Mt Buller is the official resort and home of the OWIA & VIS aerial skiing program, “The Flying Kangaroos”. The OWIA & VIS enjoy significant support from both Buller Ski Lifts and Mt Buller Resort Management Board, providing access to world class training, amenities and facilities at the resort.

Thredbo

Thredbo is an official resort partner of the OWIA and continues to welcome Institute athletes and coaches and generously assists in the coordination of training activities. During the 2015 Australian ski season, the NSWIS Acrobatic Centre of Excellence was launched at the Thredbo Leisure Centre. This is a world class facility, which will form a vital component of Park & Pipe athletes training activities as well as an outstanding domestic training facility for both NSWIS & OWIA mogul skiing program athletes.

Mt Hotham

Mt Hotham is a training base partner for the ski cross and snowboard cross programs, providing access to the resort, its amenities and world class training facilities.
RESORTS - NORTH AMERICA

Snowbasin

Snowbasin is the North American home resort of the OWIA and VIS aerial skiing programs, “The Flying Kangaroos”. Snowbasin is dedicated to supporting the athletes and staff by providing a world class training environment.

Powder Mountain

Powder Mountain is the North American jump site for the OWIA and VIS aerial skiing programs, “The Flying Kangaroos”. Over the past 12 months, Powder Mountain has invested significantly with the construction of an aerial skiing jump site for the use of the Australian aerial skiing program during the Northern Hemisphere winter months.
NATIONAL FEDERATIONS

The OWIA operates programs in partnership with National Federations in a spirit of cooperation, together with a clear aim of providing the best possible opportunities for athletes to achieve success at the highest levels of international competition. The OWIA receives contributions towards sport programs from:

Ski & Snowboard Australia

The OWIA and SSA work together to ensure the successful operation of athlete programs in aerial skiing, mogul skiing, snowboard cross and ski cross, and the newly established park and pipe pro athlete contract model. SSA manages the athlete pathway with the aim of continually channeling high calibre athletes into OWIA programs as a part of the shared long term vision towards sustainable success.

Australian Ice Racing Inc.

The OWIA and AIR work together to ensure the effective operation of programs in short track and long track speed skating.

Ice Skating Australia Inc.

A tiered funding system of individual scholarship support, developed by the OWIA, in conjunction with ISA, is made available to figure skating athletes most likely to meet qualification for nomination for selection to the next Olympic Winter Games.

NSW Ice Skating Australia Association

Additional financial support towards the figure skating athlete initiative was welcomed from the NSW Ice Skating Association during the past year.

Directors’ Report

Your directors submit their report for the year ended 30 June 2016.

DIRECTORS
The names of the company’s directors in office during the financial year and until the date of this report are as follows. Directors were in office for this entire period unless otherwise stated.

- Dean R Gosper – Vice Chairman, President Ski and Snowboard Australia.
- Steven J Bradbury OAM – Olympic Gold and Bronze Medallist.
- Alisa P Camplin-Warner OAM – Olympic Gold and Bronze Medallist, Board Member Australian Sports Commission (ASC), Board Member of Collingwood Football Club, Board Member of Royal Children’s Hospital Foundation.
- Ian A Chesterman – Member of the Executive of the Australian Olympic Committee (AOC) Inc, Chef de Mission of the 2016 Winter Youth Olympic Team, Chef de Mission of the 2018 Olympic Winter Teams and Chairman of the Audit Committee, Director of Sportcom Pty Ltd.
- Fiona B de Jong – Chief Executive Officer Australian Olympic Committee.
- Rino J Grollo – Director of Australian Alpine Academy Pty Ltd, Director of Australian Ski Academy Pty Ltd, Director of Buller Ski Lifts Pty Ltd, Director of Grollo Pty Ltd.
- Zali Steggall OAM – Olympic Bronze Medallist, Director of the Australian Hall of Fame.
- Charles A Turner – CEO NSWIS.
- Nicholas D Whitby – (Alternate Director for Rino Grollo) – Managing Director of Buller Ski Lifts Pty Ltd.

PRINCIPAL ACTIVITIES
The principal activities of The Olympic Winter Institute of Australia Limited (“OWIA”) during the financial year were to develop and prepare elite Australian athletes for their participation in Olympic Winter Games, World Championships and World Cups in Olympic winter sports.
RESULTS AND DIVIDENDS
For the year ended 30 June 2016, OWIA recorded a profit of $390,046 (2015: Profit of $290,649).

The OWIA operates financially on a quadrennium basis, with the first year being the first complete financial year following the Olympic Winter Games. The profit recorded in the 2016 financial year (the second year of the Olympic quadrennium) is consistent with the operating plans to produce a profit in the first two years of the Olympic quadrennium to ensure sufficient financial resources are available for the final two years of the Olympic cycle.

The year ended 30 June 2016 was the eighteenth year of operation for the OWIA. It was the OWIA second full year operating under the Australian Sports Commission Winning Edge Funding Model.

During the year, the OWIA operated or provided funding for elite winter sport programs in the sports of Aerial Skiing, Figure Skating, Long Track Speed Skating, Mogul Skiing, Short Track Speed Skating, Ski Cross, Ski Slopestyle, Snowboard Cross Snowboard Half Pipe.

OWIA contracted athletes had some standout performances on the World stage during 2015-2016 with Mogul Skiing athlete Matthew Graham and Snowboard Cross athlete Bell Brockoff finishing the season ranked second and third respectively on the on the World Cup circuit.

In total, 30 athletes were on performance contracts during the financial year. (2015: 29 athletes were on performance contracts)

No dividends were paid or declared during the financial year. The company is precluded from paying dividends by part 1, clause 3 of its Constitution.

SIGNIFICANT EVENTS AFTER BALANCE DATE
There have been no significant events occurring after the reporting date, which may affect either the company's operations or results of those operations or the company's state of affairs.

LIKELY DEVELOPMENTS AND EXPECTED RESULTS
OWIA will continue to pursue its objectives being to develop and prepare elite Australian athletes for their participation in Olympic Winter Games, World Championships and World Cups in Olympic winter sports.

The OWIA has entered into a Sport Investment Agreement with the ASC for 2016-2017. The Government’s sports system is “Australian Winning Edge” (AWE) and is the Government’s strategy for moving from world class to world best. OWIA received total advances of $4.5m from the ASC for two separate infrastructure projects. OWIA remains committed to the projects and have invested in both infrastructure and planning costs in the expectation that these projects will commence.

The objects of the OWIA remain unchanged and that is to assist in the attainment of its objectives through encouragement of elite performance by Australian athletes in winter sports.

INDEMNIFICATION AND INSURANCE OF DIRECTORS AND OFFICERS
The company has indemnified and insured the Directors and Officers for any wrongful act committed by them in their capacity as Directors and Officers of the company. Under the policy, the premium is confidential and not to be disclosed in the company’s annual report.
DIRECTORS’ MEETINGS
The number of meetings of directors held during the year and the number of meetings attended by each director were as follows:

AUDITOR INDEPENDENCE
A copy of the auditor’s independence declaration as required under section 307C of the Corporations Act is set out on page 4.

INDEMNIFICATION OF AUDITORS
The Company has indemnified or made a relevant agreement for indemnifying against a liability any person who is or has been an auditor of the Company.

To the extent permitted by law, the Company has agreed to indemnify its auditors, Ernst & Young Australia, as part of the terms of its audit engagement agreement against claims by third parties arising from the audit (for an unspecified amount). No payment has been made to indemnify Ernst & Young during or since the financial year.

AUDIT COMMITTEE
OWIA’s Audit Committee comprises Ian Chesterman (Chairman), and Susan O’Donnell (appointed 1 July 2015), Nicholas Whitby (appointed 23 October 2015). The Audit Committee operates under a charter approved by the Board.

The primary purpose of the Audit Committee is to assist the Board in fulfilling its responsibilities with respect to Government compliance obligations, internal controls, maintaining proper accounting records, producing reliable financial information and conducting business in an ethical manner.

Signed in accordance with a resolution of the directors.

Geoffrey J Henke AO
Director

Melbourne, 21 October 2016
Auditor’s Independence Declaration to the Directors of Olympic Winter Institute of Australia Limited

As lead auditor for the audit of Olympic Winter Institute of Australia Limited for the financial year ended 30 June 2016, I declare to the best of my knowledge and belief, there have been:

a) no contraventions of the auditor independence requirements of the Corporations Act 2001 in relation to the audit; and

b) no contraventions of any applicable code of professional conduct in relation to the audit.

Christopher Reid

Olympic Winter Institute of Australia Limited

Notes to the Financial Statements

FOR THE YEAR ENDED 30 JUNE 2016

1. CORPORATE INFORMATION

The annual financial report covers Olympic Winter Institute of Australia Limited (OWIA) as an individual entity. The entity's functional and presentation currency is Australian Dollars.

The financial report of OWIA for the year ended 30 June 2016 was authorised for issue in accordance with a resolution of the Directors on 21 October 2016.

OWIA is a company limited by guarantee that is incorporated and domiciled in Australia.

The registered office of OWIA is located at:
   Australian Olympic Committee
   Level 4, 140 George Street
   Museum of Contemporary Art
   Sydney NSW 2000

The principal place of business of OWIA is located at:
   Olympic Winter Institute of Australia
   Level 2 The Icehouse
   105 Pearl River Road
   Docklands, VIC 3008

The principal activities of OWIA during the financial year were to develop and prepare elite Australian athletes for their participation in Olympic Winter Games, World Championships and World Cups in Olympic winter sports.

The company had 14 employees during the year ended 30 June 2016 (2015: 15 employees).
Notes to the Financial Statements

FOR THE YEAR ENDED 30 JUNE 2016

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of preparation

In the Directors’ opinion, the company is not a reporting entity because there are no users dependent on such information as contained in general purpose financial reports.

This special purpose financial report has been prepared for distribution to the members of the company as well as to the Australian Olympic Committee for internal management information purposes and to comply with the company’s constitution and the Corporations Act 2001. The accounting policies used in the preparation of this report, as described below, are in the opinion of the directors, appropriate to meet these needs.

Accordingly, the directors have prepared the financial report that complies with the measurement and recognition requirements of Australian Accounting Standards, which include the measurement and recognition requirements of International Financial Reporting Standards and other professional reporting requirements with the exception of the disclosure requirements of the following:

- AASB 7: Financial Instruments: Disclosures
- AASB 112: Income Taxes
- AASB 116: Property, Plant & Equipment
- AASB 117: Leases
- AASB 118: Revenue
- AASB 119: Employee Benefits
- AASB 124: Related Party Disclosures
- AASB 132: Financial Instruments: Presentation
- AASB 137: Provisions, Contingent Liabilities and Contingent Assets

The financial report is prepared on a historical cost basis. Unless otherwise stated, the accounting policies adopted are consistent with those of the previous year. Comparative information is reclassified where appropriate to enhance comparability.
### New Accounting Standards and Interpretations (i) Accounting Standards and Interpretations issued but not yet effective

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet effective and have not been adopted by OWIA for the annual reporting period ending 30 June 2016 are outlined in the table below:

<table>
<thead>
<tr>
<th>Reference</th>
<th>Title</th>
<th>Summary</th>
<th>Application date of standard</th>
<th>Impact on financial report</th>
<th>Application date for OWIA</th>
</tr>
</thead>
<tbody>
<tr>
<td>AASB 2014-4</td>
<td>Clarification of Acceptable Methods of Depreciation and Amortisation (Amendments to AASB 116 and AASB 138)</td>
<td>AASB 116 <em>Property Plant and Equipment</em> and AASB 138 <em>Intangible Assets</em> both establish the principle for the basis of depreciation and amortisation as being the expected pattern of consumption of the future economic benefits of an asset. The IASB has clarified that the use of revenue-based methods to calculate the depreciation of an asset is not appropriate because revenue generated by an activity that includes the use of an asset generally reflects factors other than the consumption of the economic benefits embodied in the asset. The amendment also clarified that revenue is generally presumed to be an inappropriate basis for measuring the consumption of the economic benefits embodied in an intangible asset. This presumption, however, can be rebutted in certain limited circumstances.</td>
<td>1 January 2016</td>
<td>There is likely to be minor changes required to be made within the financial reports to comply with AASB 116.</td>
<td>1 July 2016</td>
</tr>
</tbody>
</table>
## Notes to the Financial Statements

### FOR THE YEAR ENDED 30 JUNE 2016

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(b) New Accounting Standards and Interpretations (continued)

(i) Accounting Standards and Interpretations issued but not yet effective (continued)

<table>
<thead>
<tr>
<th>Reference</th>
<th>Title</th>
<th>Summary</th>
<th>Application date of standard</th>
<th>Impact on financial report</th>
<th>Application date for OWIA</th>
</tr>
</thead>
</table>
| AASB 15   | **Revenue from Contracts with Customers** | AASB 15 *Revenue from Contracts with Customers* replaces the existing revenue recognition standards AASB 111 *Construction Contracts*, AASB 118 *Revenue* and related Interpretations. AASB 15 incorporates the requirements of IFRS 15 *Revenue from Contracts with Customers* issued by the International Accounting Standards Board (IASB) and developed jointly with the US Financial Accounting Standards Board (FASB).

AASB 15 specifies the accounting treatment for revenue arising from contracts with customers (except for contracts within the scope of other accounting standards such as leases or financial instruments). The core principle of AASB 15 is that an entity recognises revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

Currently, AASB 15 is effective for annual reporting periods commencing on or after 1 January 2017. Early application is permitted. | 1 January 2017 | There is work being undertaken to assess impact on financial report. Minor changes are expected to be made within the financial reports to comply with AASB 15. | 1 July 2017 |
Notes to the Financial Statements

FOR THE YEAR ENDED 30 JUNE 2016

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(c) Significant accounting judgements, estimates and assumptions

The significant accounting judgements or significant accounting estimates and assumptions impacting the financial statements are as disclosed below.

Estimation of useful lives of assets

The estimation of the useful lives of assets has been based on historical use and experience as well as lease terms (for certain office fittings). In addition, the condition of the assets is assessed at least once per year and considered against the remaining useful life. Adjustments to useful lives are made when considered necessary.

(d) Cash and cash equivalents

Cash and cash equivalents in the Statement of Financial Position and Statement of Cash Flows comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(e) Trade and other receivables

Trade receivables, which generally have 30-60 day terms, are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less an allowance for impairment.

Collectability of trade receivables is reviewed on an ongoing basis. Individual debts that are known to be uncollectible are written off when identified. An impairment provision is recognised when there is objective evidence that OWIA will not be able to collect the receivable. Financial difficulties of the debtor, default payments or debts more than 60 days overdue are considered possible evidence of impairment. The amount of the impairment loss is the receivable carrying amount compared to the present value of estimated future cash flows, discounted at the original effective interest rate.

(f) Inventory

At times inventory is received from suppliers as part of sponsorship agreements. Inventory received is measured at fair value (to approximate the lower of cost and net realisable value) and recognised in the Statement Of Comprehensive Income when the inventory is distributed, at which time the carrying amount is recognised as an expense.

Net realisable value is the estimated selling price in the normal course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

OWIA received inventory from Karbon during the 2015-2016 financial year. Any inventory not used at year end is considered to have a net realisable value of zero.
2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(h) Plant and equipment (continued)

**Impairment**
The carrying values of plant and equipment are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. If any indication of impairment exists, an estimate of the asset's recoverable amount is calculated.

The recoverable amount of plant and equipment is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

For an asset that does not generate largely independent cash inflows, recoverable amount is determined for the cash-generating unit to which the asset belongs, unless the asset's value in use can be estimated to be close to its fair value.

An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. Recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

For plant and equipment, impairment losses are recognised in the Statement Of Comprehensive Income.

(i) Employee leave benefits

**Wages, salaries and annual leave**

A liability is recognised for benefits accruing to employees in respect of wages, salaries and annual leave, when it is probable that settlement will be required and they are capable of being measured reliably.

Liabilities recognised in respect of employee benefits expected to be settled within 12 months, are measured at their nominal values using the remuneration rate expected to apply at the time of settlement.

Liabilities recognised in respect of employee benefits which are not expected to be settled within 12 months are measured as the present value of the estimated future cash outflows to be made by the company in respect of services provided by employees up to reporting date.

**Long service leave**

The liability for long service leave is recognised and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date. Consideration is given to expected future wage and salary levels, experience of employee departures, and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currencies that match, as closely as possible, the estimated future cash outflows.
Trade and other payables, including related party advances are carried at amortised cost and due to their short-term nature they are not discounted. Trade Payables represent liabilities for goods and services provided to OWIA prior to the end of the financial year that are unpaid and arise when OWIA becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured and are usually paid within 30 days of recognition. Other than credit card liabilities, trade and other payables are non-interest bearing.

(k) Deferred revenue
Income received in advance of the contract period is recorded as deferred income.

(l) Revenue recognition
Revenue is recognised to the extent that it is probable that the economic benefits will flow to the entity and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

Grant revenue
Grant contributions are recorded as revenue at either the time of contribution or when the funds are utilised. Revenue is recognised when the significant risks and rewards of the grants are deemed to have been passed from the grantee and the risks and rewards of ownership are considered passed to the OWIA.

Sponsorship revenue
Sponsorship revenue is recognised when the sponsorship income can be reliably measured and control of the sponsorship revenue has been attained.

Revenue received in the form of value in kind sponsorship is recognised to match expenditure on program services as incurred. Revenue received is measured at retail price at balance date.

Interest
Revenue is recognised when the company’s right to receive payment is established.

Contributions
Under AASB 1004, contributions of assets are recognised immediately as revenue, at the fair value of the contribution, when:
- the entity gains control of the contribution;
- it is probable that the economic benefits will flow to the entity; and
- the amount of the contribution can be reliably measured.
2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(m) Foreign currencies
Both the functional and presentation currency of OWIA is Australian dollars.

Transactions in foreign currencies are initially recorded in the functional currency by applying the exchange rates ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date. All exchange differences are taken to the Statement Of Comprehensive Income.

(n) Borrowing costs
Borrowing costs are expensed in the period they occur.

(o) Leases
Company as a lessee
Operating lease payments are recognised as an expense in the Statement Of Comprehensive Income on a straight-line basis over the lease term.

(p) Income tax
OWIA is classified as a sporting organisation under ITAA 1997 section 50-45 and is therefore exempt from income tax.

(q) Other taxes
Revenues, expenses and assets are recognised net of the amount of GST except:

- When the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables, which are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the Statement Of Financial Position.

Cash flows are included in the Statement Of Cash Flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority is classified as part of operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

(r) Value in kind
In kind goods and services shall be valued at the fair market value of the goods and services.

The fair market value is the equivalent best customer cash price of the same goods and services. Consistent with accounting standards the basis of accounting for non-monetary transactions is the same as for monetary transactions. The actual value in kind (VIK) revenue recognised will match in dollar value to the cost charged to the OWIA program that utilised the VIK goods and services in lieu of out laying cash.

Notes

(a) In June 2012, $2.0 million in funding was received from the Australian Sports Commission for two separate projects to be completed over the coming years. The first of these projects is for $1.0 million towards construction of a 22 foot snowboard half pipe facility at the Perisher Ski Resort. The second project was for $1.0 million towards the cost of construction of a National Water Jump Training Facility.

In June 2013 an additional $2.5 million was received from the Australian Sports Commission for the National Water Jump Training Facility. A variation to the Sports Collaboration Agreement 2012/2013 outlines the extension and conditions of the proposed Water Jump facility funding.

In relation to the construction of the half pipe facility, construction is conditional upon receiving the appropriate Planning Permit due to the presence of the endangered species, the Guthega Skink. Meanwhile, in relation to the development of the water jump facility, OWIA is in the final stages of negotiations with the NSW Government in relation to the establishment and construction of the facility.

No directors were paid directors’ fees, directly or indirectly during the year. Under part 2, clause 31 of the Constitution, no Director will be paid remuneration for their services to the Company as Directors. Loans to directors are allowed under part 2, clause 34 of the Constitution though there were no loans provided to Directors during the year.
13. COMMITMENTS AND CONTINGENCIES

Leasing commitments
Operating leases (no-cancellable) - company as lessee

Minimum lease payments
- not later than one year  
  10,615  
- later than one year and not later than five years  
  55,510  
- later than five years  
  124,219

Aggregate lease expenditure contracted for at reporting date (a)  
  190,344  
  200,801

Notes
(a) This commitment at 30 June 2016 represents rental and outgoing payments due by OWIA under a rental agreement signed with National Ice Sports Centre Pty Ltd at the National Ice Sports Centre in Docklands, Melbourne. The lease is on a peppercorn rental with outgoings at a less than market rate as specified in the agreement. The term of the lease is 20 years. Outgoings due under the contract increase by CPI each year.

Staff and coaching commitments

These commitments represent staff and coaching payments contracted for at reporting date but not recognised as liabilities. These staff and coaching commitments are expected to be settled as follows:

- no later than one year  
  1,031,535  
- later than one year and not later than five  
  999,272

Aggregate staff and coaching payments contracted for at reporting date  
  2,030,807  
  6,335,724
Olympic Winter Institute of Australia Limited

17. EVENTS AFTER THE BALANCE SHEET DATE

There have been no significant events subsequent to balance date requiring disclosure.

18. MEMBERS’ CONTRIBUTION LIABILITY

Every member of OWIA undertakes to contribute to the property of the company, in the event of the company being wound up while they are a member, or within a year after they cease to be a member, for payment of debts and liabilities of the company contracted before they ceased to be a member, and of the costs, charges and expenses of winding up and for the adjustment of the rights of the contributories among themselves, such amount as may be required not exceeding $20. This is as per part 1, clause 5 of the entity’s Constitution.

19. ECONOMIC DEPENDENCY

A large proportion of the revenue from operating activities of OWIA is dependent upon grants from the Australian Olympic Committee and Commonwealth Government, through the Australian Sports Commission.
Olympic Winter Institute of Australia Limited

Directors Declaration

The Directors have determined that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 2 to the financial statements.

In accordance with a resolution of the directors of Olympic Winter Institute of Australia Limited, I state that:

In the opinion of the directors:

(a) the financial statements and notes of the company presents fairly in accordance with:
   (i) the accounting policies described in Note 2 to the financial statements; and
   (ii) complying with Accounting Standards in Australia to the extent described in Note 2 to the financial statements and Corporations Regulations; and

(b) there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable; and

(c) the company is not a reporting entity.

This statement is made in accordance with a resolution of the Board.

On behalf of the Board

Geoffrey J Henke AO
Chairman

Melbourne, 21 October 2016
Independent auditor's report to the members of Olympic Winter Institute of Australia Limited

We have audited the accompanying financial report, being a special purpose financial report of Olympic Winter Institute of Australia Limited, which comprises the statement of financial position as at 30 June 2016, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Directors' responsibility for the financial report

The directors of the company are responsible for the preparation of the financial report and have determined that the basis of preparation described in Note 2 to the financial report is appropriate to meet the requirements of the Corporations Act 2001 and is appropriate to meet the needs of the members.

The directors' responsibility also includes such internal controls as the directors determine are necessary to enable the preparation of a financial report that is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We have conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit we have complied with the independence requirements of the Corporations Act 2001. We have given to the directors of the company a written Auditor's Independence Declaration, a copy of which is included in the directors' report.
Opinion

In our opinion the financial report of Olympic Winter Institute of Australia Limited is in accordance with the Corporations Act 2001, including:

a. giving a true and fair view of the company's financial position as at 30 June 2016 and of its performance for the year ended on that date; and

b. complying with Australian Accounting Standards to the extent described in Note 2, and the Corporations Regulations 2001.

Basis of accounting

Without modifying our opinion, we draw attention to Note 2 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the directors' financial reporting responsibilities under the Corporations Act 2001. As a result, the financial report may not be suitable for another purpose.
